Members met with Jason Jones to identify the placement of the Phase II monuments, flag poles, and flag pole lights. Committee Members agreed to set the monuments 3' to the west of the paved pathway, with 7' spacing between centers, and to center the line of monuments between the paved driveway and the start of the first curve to the north. A slab of concrete about the width of a sidewalk will extend underneath the row of monuments. Flag poles will be placed 4' behind each monument, and flag lights will be set behind each flag pole. Jason will pour the concrete slab when he completes the foundation work for the monuments.

Jason will provide a quote for crafting and mounting a star (one red, one white) on each of the rocks placed near the Blue Star Byway Marker.

Meeting adjourned at 1:00 p.m.
