COUGAR REPORTS

We recently received a report of a cougar sighting in the area Sixth and E Streets in Columbia City. **If you spot a cougar in Columbia City, please IMMEDIATELY call 9-1-1 to report the incident.** After the sighting, please leave paw prints and other signs undisturbed until authorities arrive.

Identifying characteristics: Adults of both sexes have light tan coats and long black-tipped tails, with black coloration on the backs of their ears. Adult males may exceed 8 feet in length, from nose to tail, and weigh between 130 and 170 pounds. Adult females can be 7 feet long from nose to tail and weigh between 75 and 105 pounds.

Safety precautions: The potential for human/cougar interactions has increased in recent years. However, more people are injured or killed by deer, bees, dogs and spiders than by cougars. If you are concerned about safety, familiarize yourself with the signs of cougar and their habitat and follow these suggestions:

- **Keep an eye on your children.** Don't let your children play unattended in the backyard, especially when cougars are known to be in the area. You also want to keep your children away from dense brush, which the cougar may use for cover.
- **Be cautious at dusk and dawn.** Contrary to popular belief, most predators are most active at dusk and dawn. This is a time to be especially cautious.
- **Don't leave food or garbage outside.** The strong smell of food or garbage may attract a cougar into your yard.
- **Keep your pets indoors.** While you may have left your pet in the backyard in the past, you may want to start bringing it indoors with a cougar in the area. Cougars can easily kill the largest dog and leaving your pet out may prompt an attack. Don't feed pets outside as this can attract cougars and their prey.
- **Don't feed wildlife.** By feeding deer, raccoons or other wildlife in your yard, you may inadvertently attract cougars, which prey on them as a food source.
- **Do not hike alone.** Go in groups, with adults supervising children.

The Columbia City Budget Committee will meet on Thursday, May 23th, 2019 at 6 pm in the Council Chambers at City Hall. The purpose of the meeting is to receive comments from the public about the proposed budget. A copy of the proposed budget document may be inspected or obtained on or after May 20, 2018, at City Hall. Any person may appear at the meeting and discuss the proposed budget.

CITY RESERVOIR AND WATERLINE PROJECT

The City Council approved a construction contract with PCR, Inc., after having gone through the formal bid process, for the Columbia City 2019 Water System Improvements Project at the March 7, 2019 Council Meeting. This project, funded through grants from FEMA/OEM and loans through the Business Oregon Program, will improve waterline function and efficiency along The Strand and First Street areas, as well as refurbishing and making necessary seismic upgrades to our City's water reservoirs. Citizens should expect to see construction operations starting within these areas in the coming weeks.

KEEPING IN TOUCH... OR NOT?

In the March 2019 edition of our community newsletter citizens were asked that if they wanted to start receiving city agendas and minutes to email a request to the city's website. Many citizens did, and we appreciate the opportunity to stay in touch with you about the work of our City Council and various City Committees. Conversely, at this time we would like to ask those who no longer wish to receive agendas or minutes to please contact us as well. This request to cease receiving agendas or minutes can be made via our email address at coldcity@columbia-city.org.

ONLINE BILL ACCESS – AVAILABLE NOW

You can access your water and sewer bills online. This allows you to see your billing and usage history. Also save paper by signing up for e-bills to receive the current bill and newsletter electronically. Contact City Hall if you have any questions or need assistance.
